Panama 5c Olympic Part Perf Reported

A single sheet of the 5c value of Panama's recently issued Olympic Games set has been discovered with the horizontal perforations missing, according to S. Serebrakian of New York who submitted a pair for examination.

The 5c green design shows a soccer player kicking the ball. The pair illustrated is from the bottom of the sheet, showing both the imperf between and imperf at sheet bottom condition.

October 24 Single, Sheet From Colombia

On October 24 Colombia will issue a 20c ordinary stamp and a 50c souvenir sheet, in honor of the 15th anniversary of the United Nations. Both stamp and sheet were lithographed in Bogota by the National Printing Office, according to H. A. Mussenden, Airbox 5822, Bogota, Colombia. This is the first Colombian stamp ever issued in honor of the UN, as the WRY single released earlier this year was in appreciation of that organization's wonderful work in the rehabilitation of displaced persons, and not directly in its own honor.

One million copies of the stamp and 50,000 of the sheet have been printed. An attractively cacheted first day cover is being made up by the Ministry of Communications, Mr. Mussenden added.

Hills Of Rome, Crafty Taxi Drivers, Vatican City Make Visit To Italy Memorable

Carl P. Rueth

Continued from last week

Suppose it were possible to build a human being using these ingredients in equal parts: a wing-walker; man continuously nagged by his mother-in-law; opera star; attitude of a hard-hearted banker; Indianapolis 500-mile race winner; and a person just one and a half steps in front of a determined, fleet-of-foot satan. Know what you'd have? A Rome, Italy taxi driver! I believe that if wars were fought with taxicabs Italy would be the king-pin in the world today.

I hold one tiny reservation, pending personal investigation and experience. I hear that the brother to this wildly abandoned guider of four-wheeled missiles carries on the pedestrian-decimation in the grandest traditions of the craft in Tokyo, Japan.

Your Roman taxi jockey seems to regard every other vehicle on the streets and roads as a potential bitter enemy which must be gotten

rid of before it in turn causes his own demise. Pedestrians are a delightful bonus which give extra points when they are descended upon at breakneck speed or erupted into, unwarned, from a side thoroughfare.

In Rome, as in Lisbon, 'night-driving is done without the headlights on—only the small parking ones are lit. The larger lights are flashed on and off as the car reaches

Commems For H. Greeley And Range Conservation, 15c Air Redesigned; Other Late News

Postmaster General Arthur E. Summerfield has announced two new stamps for issuance early in 1961. They are a 4c for Range Conservation, to be released January 31, and a 4c Horace Greeley "Famous American" stamp which will appear February 3. Further details, including places of issuance, designs and colors will be announced later.

The PMG has already scheduled 4c and 8c Mahatma Gandhi "Champion of Liberty" commemorations for January 26, at Washington, D. C., and the 4c Patrick Henry "Credo" January 11, at Richmond, Va.

The 10c Inter-American Conference commemorative airmail, originally scheduled for issuance February 1, 1960 at Washington has been rescheduled for issuance March 1, 1961.

Nothing was said by Mr. Summerfield about two additional commemoratives he mentioned about 14 months ago. At that time he is reported to have promised a stamp for the January 29 centenary of the state of Kansas and another for the 50th anniversary of naval aviation.

In the latter instance no date was specified, but it is recorded that on November 14, 1910 Eugene B. Ely made the first successful flight from the deck of a naval vessel. He took off from a platform erected on the forward deck of the cruiser "Birmingham" anchored in Hampton Roads, Va. and landed safely at Willoughby Spit five minutes and five miles later.

On January 17, 1911 Glen H. Curtiss opened a school for hydro-aeroplane flying on North Island opposite San Diego. To quote his 1912 book, "Shortly thereafter seven pupils were on hand for training; three army officers, one naval officer and three civilians."

In their work they developed the first plane capable of flying from, and landing on, either land or water—the first amphibian. They also came up with a system of launching a plane from a wire, a technique much used in jungle warfare operations during World War II.

The current 15c airmail regular featuring the Statue of Liberty, will

Building Gear On 'Cameroons UKTT' New World Nation

The United Nations Postal Administration has announced that the December 9 commemorative pair in tribute to the International Bank for Reconstruction and Development will feature a simple mechanical aid vital to the building industry. This is a double pulley with cables extending upward to an overhead support, and the attached hook below holding ropes descending to the load being lifted.

The 4c and 8c stamps will be multicolored and printed by the photogravure process by the Government Printing Bureau, Tokyo, Japan.

This is another in the series of UN commems depicting the work of the United Nations Specialized Agencies. The design was by A. Medina Medina of Uruguay, who was also the designer of the 1955 issue honoring the International Civil Aviation Organization.

The following quantities will be printed: 4c—3,000,000; 8c—2,750,000. Further details and instructions regarding the purchase of first day covers will be released approximately six weeks before the first day of issue.

Results of first day of issue cancellation — The Fifth World Forestry Congress pair issued August 29, in the 4c and 8c denomination had 434,129 covers receiving first day cancellation. The slogan cancellation "5th World Forestry Congress, Seattle, 1960" was applied to 6728 covers.

Withdrawal of stamps from sale — Pursuant to the existing policy of periodic withdrawal from sale of commemorative stamps one and a half years from their date of issue, the Economic Commission for Europe stamps which were issued May 18, 1959 will be withdrawn from sale November 18, 1960.

The UN Day set, honoring the Trusteeship Council, issued October 23, 1959 will be withdrawn from sale April 23, 1961.

Stamps Featured In Soviet Journal Here

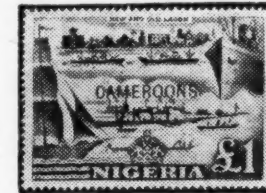

"USSR", the illustrated monthly magazine printed and distributed in this country by Russia in accordance with an agreement with the State Department, goes all out in its current edition to publicize the stamps of the home government.

The entire front and back covers, excepting only the title space, are devoted to showing over 100 of the Soviet's multicolored pictorials, while four inside pages offer another 101 of them. The accompanying captions and article point out their merits and give a brief history of their backgrounds.

The writer reports that the first Russian franked envelopes was used in 1845, with the first stamp appearing 13 years later. The initial Soviet adhesive arrived in August 1921, with almost 2500 more following to date.

The magazine is published by the Soviet Embassy in Washington.

With the release October 1 of the Nigeria current issue overprinted in red, "Cameroons, U.K.T.T." (United Kingdom Trust Territory) a new stamp-issuing country appeared on the international stage. The denominations overprinted are the 1/2d, 1d, 1 1/2d, 2d, 3d, 4d, 6d, 1/-, 2/6, 5/- and one Pound.

While the future of the Trust Territory will not be decided until after the expected plebiscite under United Nations auspices, the new stamps will certainly create much philatelic interest, the Crown Agents Representative, Washington, D. C. commented as he made the announcement.

On November 7, 1959 a plebiscite under UN supervision, in the Northern Cameroons, invited the people to choose between becoming part of the Northern Region, when the Federation of Nigeria achieves independence, and deciding the future of the Northern Cameroons at a later date.

The majority favored postponement. The UN in December 1959 decided that a second plebiscite should be held between October 1960 and March 1961 with a choice between becoming part of the (French) Cameroons.

The UN had previously decided to postpone until the period October 1960-March 1961 the separate plebiscite previously arranged to ascertain the wishes of the people about the future of the Southern Cameroons.

The people of this part of the Trust Territory under United Kingdom administration will then be invited to choose between achieving independence as part of the independent Federation of Nigeria or as part of the independent Republic of the Cameroons.

This new entity is the French Trust Territory, which became independent January 1, 1960.

Three-Dozen-Plus On Bolivian Calendar

Neither rust nor dust is gathering on the equipment used in producing Bolivian postage stamps, according to Ludwig Horn Flach, Box 415, La Paz, Bolivia. His airmailed report of October 6 states:

During the second half of October 18 values of the Gate of the Sun set will be overprinted with new values. The lowest denomination, 3c, will not be used, of the 19 in the original set.

"Very soon" will bring the appearance of 16 ordinaries and airs featuring Bolivian flowers, while "a set" for the benefit of the Children's Hospital is also in the offing.

Finally, the anticipated visit to Bolivia of the president of Argentina will be the occasion for the issuance of a single commemorative, Mr. Flach concluded.

Jersey Club Offers Christmas Cancells

What The Dealers Are Doing About Agencies

From our own observation we are of the opinion that European stamp dealers are much more concerned about the effects of the Agencies on stamp collecting than are American dealers.

In the past two or three years which have spawned these so-called Philatelic Agencies we have never seen a word of condemnation of them in any of the Bulletins of the American Stamp Dealers Assn.

GEORGE W. LINN

The type we are talking about is that in which stamps are available to dealers only from the agencies in New York, and in which stamps can not be purchased freely by dealers or collectors direct from the country of issue. We see no harm in agencies which sell only to dealers but in which any number of stamps for any amount can be purchased by either dealers or collectors, direct from the country of issue.

The reason we believe that European dealers do not approve of the agencies of the first type mentioned is that European Philatelic Publications are not filled with advertising of these agencies as is the case here in America. Could the reason for this be that the British society association of stamp dealers, known as the P.T.A., Philatelic Traders Assn. has condemned such agencies for the bad effect they will eventually have on stamp collecting.

During the recent show in London the I.F.S.D.A. which we believe stands for International Federation of Stamp Dealers Associations, held a meeting presided over by Peter G. Keller who is its president, the same Peter G. Keller who is secretary of the ASDA, American Stamp Dealers Assn.

We want to quote a few words from a report on this meeting which is published in the September 1960 Bulletin of the ASDA. Mr. Keller was kind enough to call my attention to this report.

We quote as follows —

"However, of particular importance was the subject of 'Philatelic Agencies.'

"A wide difference of opinion was expressed by the members from various countries, who spoke on this subject. However, the position of the A. S. D. A. was set forth by A. S. D. A. delegate, Mr. Newton Johnston of H. E. Harris & Co., Boston, Mass. On the question of private Philatelic Agencies, Mr. Johnston propounded three conditions for stamps marketed by these organizations: 1. They should at the same time be freely available from Post Offices in the country of origin at face value; 2. They should appear not more frequently than before the agency was appointed; and 3. They should not be of higher face value than before.

"I. F. S. D. A. President, Peter G. Keller, appointed the following committee to meet from time to time to consider problems connected with Philatelic Agencies: Robert Darracott, Jules Magidson, H. K. Philips, and J. Robineau."

Here is a statement which is the first we have seen in which the ASDA acknowledges that it has taken a position on the subject. We refer to the recommendation of Mr. Newton Johnston of the H. E. Harris & Co., of Boston, Mass. Please note what Mr. Johnson has recommended. We believe fully that Mr. Henry Harris of the H. E. Harris & Co. of Boston fully concurs with the proposals of Mr. Johnston for we have found the Harris Co. one of the best promoters of clean stamp dealing. If this is the stand that the ASDA takes we believe it should send a letter recommending such action to every stamp publication and to the leading newspapers which contain stamp columns, recommending that the statement be published for the benefit of all collectors. Let the ASDA make known its stand. Publication in its own Bulletin reaches dealers only and has little or no effect on collecting as a whole. Of course the ASDA could not think of expelling members who dealt in stamps which did not meet these recommendations, but a public statement that it approves such recommendations could have a tremendous influence on the collector.

You will note also in what we have quoted above, that Mr. Keller has appointed a committee to meet from time to time and consider problems of the agencies. It is not problems of the agencies that need discussing but problems of the dealers and collectors.

Mr. Darracott is from England, Mr. Magidson from Belgium, where Mr. Phillips and Mr. Robinson are from we do not know, but we find neither of the two gentlemen listed as ASDA members so presume they too are from Europe. If you can imagine a committee of this sort scattered over four European countries and finding it possible to hold meetings on this subject then you are a lot more optimistic than I am.

Apfelbaum Warns You Again

Speculation in stamps of any country is something that seldom ever pays off and the sooner collectors start collecting, rather than investing in stamps, the more they will enjoy their hobby and the better off they will be. The following remarks are in the October 21, 22, auction catalog of Earl P. L. Apfelbaum of Philadelphia and many collectors have found out these facts to their own deep regret.

"Once again we are being flooded with offers of United States commemoratives issued between 1954-60, either in sheets or plate number blocks. Stamp dealers have for years warned against buying Uncle Sam's current products in excessive quantities or more than you could hold for perhaps the 30 or 40 years until their prices rise to a level that would permit stamp dealers to bail you out.

"Those who didn't take the good advice (which was free) face a loss if they must sell now, because such material can only bring them a discount from face."

Few collectors can spend large sums on stamps. The way to get the most enjoyment from your collection is to limit your purchases to fine copies of single stamps and build along those lines unless you have become a specialist in one or a few countries.

SMILEATELICS ... Bob Rieker

"One day I told him to always feel like our stamp shop was a second home, and it's been like this ever since!"

Ed Walz Speaker At Chicago Vatican Club

The meeting is open to all interested collectors. Meeting time is 2 p.m. at 86 E. Randolph St., Crerar Library Building, Room 404, Chicago, Ill.

ASDA To Feature Lincoln Credo FD

The 4c Lincoln Credo stamp will be placed on first day sale on Saturday, November 19 at the 12th ASDA National Postage Stamp Show, at the 71st Infantry Regiment Armory in New York City. A special first day ceremony will be held at 10:30 a. m., with officials of the Post Office Department participating.

Students of Lincoln's career recall that in 1859, Lincoln was invited, in a letter by one H. L. Pierce, to attend a Boston festival in tribute to Thomas Jefferson. Lincoln had to decline.

In the letter he wrote — now in the possession of Brown University, Providence, R.I., — a sentence included the words "Those who deny freedom to others, deserve it not for themselves."

This phrase, together with Lincoln's signature is inscribed on the Credo stamp to be issued at the ASDA show.

Lincoln's quotation and the stamp's frame will be shown in red, with his autograph in green. A device at left will include a green seated figure of Freedom holding a green olive branch. The design, style and types are of the kind used on American continental currency.

Frank P. Conley, a New York City artist, prepared the basic design for this and the earlier-issued Credo stamps. This stamp will be issued in panes of 50 each, printed on the Giori press.

The United States Post Office Department will have on exhibition the famous Barcelona Exhibit, which will be shown in New York for the first time. This exciting and colorful offering will be one of the main attractions of the show.

In addition to this POD display, there will be a post office substation operating at the show, at which all recent and many older commemoratives will be on sale.

The Twelfth ASDA National Postage Stamp Show will take place Friday, Saturday and Sunday, November 18, 19 and 20, at the 71st In-

fantry Regiment Armory, Park Ave. and 34th St., New York City, N. Y.

Minkus Volume II Ready For Market

Again with the new season just starting, Minkus Publications has released its Volume II companion piece to Volume I, completing the rest of the world in stamps in a manner never before available. The collector no longer has to consult a half dozen different catalogs to get the complete information on Europe and Colonies. Here it is all in one volume. Tabulated in this new catalog are all the nations of Europe, except Great Britain (which appears in Volume I), and for the first time the colonies of the European nations are grouped with the mother countries.

Collectors will find in these 1284 fact-filled pages more than 82,000 entries, 27,000 clear illustrations plus a wealth of fascinating information, historical introductions, and up-to-date listings. Prices include over 60,000 changes, most upwards.

The simplified chronological numbering system and modern color listings help make collecting enjoyable for the beginner and provide a quick, easy method for the inveterate collector.

Volume II is in every way a worthy companion for the previously released first unit of the set. It continues to afford considerable background data on the stamps concerned, and also tends to show many complete sets rather than representative examples when designs are different.

The Minkus catalogs are indicated.

Aid For Laying Out Album Pages Rapidly

The newest philatelic accessory on the market is a stamp-mounting guide for use with blank 8 1/2 x 11-inch album sheets.

Known as STAMPLACER, this die-cut plastic device is guaranteed to mount any stamp or other philatelic item in perfect position, alignment and spacing. The use of any other "tool" such as a ruler, T-square, triangle, straight-edge, drafting instruments, or quadrille-ruled paper is not required.

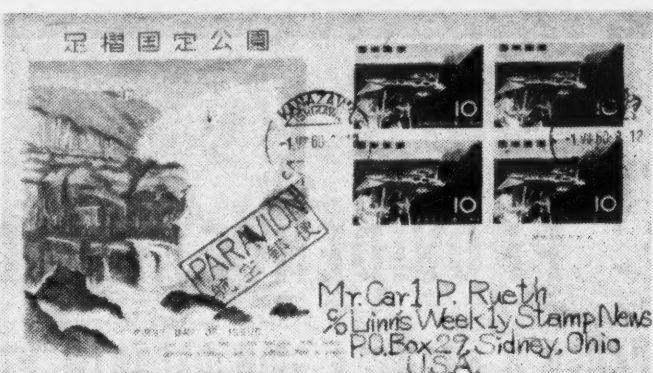

In use, STAMPLACER is merely hooked to the edge of the blank 8 1/2 x 11-inch album sheet and shifted up or down to the exact position the collector wants. Rows of bars on both surfaces show how many stamps of a given width will fit across a page without crowding.

The variety of attractive page layouts possible with the device is limited only by the collector's artistic sense. Because it does all measuring, aligning and spacing, complete pages can be made up in a matter of minutes. STAMPLACER is offered by John W. Fulton, 7837 Colfax Ave., Chicago 49, Ill.

Japanese Anti-TB Group Makes Report

The September 1960 issue of the Japanese language "Red Double-Barred Cross" publication of the Japanese Anti-TB Society devotes a half page to a report on U. S. sales of its seals during the past few years. Full credit is given to Capt. L. C. Atchley of California and to Linn's for the success in the States.

It was in 1954 that Capt. Atchley, then serving with the Air Force in Tokyo, first began offering the seals through Linn's columns. The 1960 varieties were listed in the September 3 issue, and already sales have reached 250 large and 500 small sheets of this and earlier adhesives. Seal collectors may refer to that

issue, or write the Captain directly for lists and prices of the varieties available. His address is 3960th Combat Support Group, APO 334, San Francisco, Calif.

The newcomer features the new Red Cross Bldg. in Quito, Ecuador, with the cross in red at upper left and portrait of founder Henri Dunant at upper right in violet brown. Dunant developed the idea of the organization following the 1859 Battle of Solferino.

New Duo From Norfolk Island

The Australian News and Information Bureau in New York has announced that a 2/8 postage stamp, purple in color, commemorative of the introduction of local government in Norfolk Island, will be issued October 24. The stamp will be of the large Australian commemorative size in horizontal format with the Annigoni portrait of Queen Elizabeth at right and a map of the island and inscription at left.

When issued, the stamp will be available, in mint form only, at philatelic sections of the Postmaster General's Department in Australia. In this instance a special cover bearing a natural colored scene will be provided by the Norfolk Island Post Office.

Christmas Stamp — The Norfolk Island Post Office will issue, during November 1960, a 5d Christmas stamp in the same design as the forthcoming Australian Christmas stamp. It will depict an open Bible with the Christmas message "Behold I bring you tidings of great joy (Luke 2:10)", illuminated by the light of a candle.

When issued, the stamp will be available in mint form only, at philatelic sections of the Postmaster General's Department in Australia. A special cover for the occasion will be provided by the Norfolk Island Post Office.

The total cost of such cover, bearing the 5d Christmas stamp, will be 1/-. Collectors who provide their own covers will be charged a service fee of 3d per cover.

All orders for first day covers, accompanied by remittances, should be addressed to the Postmaster, Norfolk Island. The color and exact date of issue of the stamp will be announced as early as practicable.

Centenary Stamp — A 5d green stamp to commemorate the centenary of the first Queensland postage stamps will be issued November 2 and will remain on sale at Australian post offices for approximately one month.

PMG Davidson said that earlier it had been intended to issue the new stamp on November 1 to

Santa Monica Club Goes In For Regular Trading

The Santa Monica Stamp Club will hold its next meeting October 25 in the Recreation Bldg. of the Barrington Ave. Playground, Barrington Ave. near Sunset Blvd., Santa Monica, Calif.

The meeting will begin at 8 p.m., with a big swapping session planned. This activity is featured at every gathering of the club, regularly scheduled on second and fourth Tuesdays. Visitors are welcome at all times.

coincide exactly with the centenary, however, because of the Melbourne Cup Day holiday in Victoria, the date of issue had been put forward one day.

The three original stamps, of 1d, 2d and 6d denominations, were printed in London and portrayed Queen Victoria. The commemorative will incorporate this Royal head and other features of the first stamps.

Concluding, Mr. Davidson said that the date of issue of the new item will be within the period of the Queensland Stamp Centenary Exhibition, which will be open November 1-5 at the City Hall, Brisbane. A distinctively inscribed postmark and specially printed registration labels will be used at the temporary exhibition post office there.

During 1955 I planned a full advertising campaign to process 10th Anniversary Covers for all member nations celebrating their Admission to membership in the United Nations Organization but the parasite inside UN knows nothing, planned nothing for the philatelic historic glorification of UNO and refused me permission for my carrying out this program. This had to be abandoned because my idea for these events would have no longer been mine.

Australia Plans 'Round-World Hop'

Postmaster General Davidson of
Australia has announced that ar-
rangements are being made for phil-
atelic covers to be accorded "round
the world" carriage in November
1960, to commemorate the 40th anni-
versary of Qantas Empire Airways.
He added that philatelic covers
would be accepted only for ad-
dresses in Australia and Australian
territories with postage prepayment
of 5/- for airmail covers and 1/8d
for aerograms.

Dimensions of covers must not be
greater than 10" x 5" and weight
must be under 1/2oz. They must bear
the superscription "Round the World
Flight" in the top left-hand corner.
A commemorative slogan postmark
will be applied to all covers and
aerograms included in the philatelic
mail, and a further special post-
mark will be applied as a back-
stamp following return of the mail
to Australia.

Continuing, Mr. Davidson said
that the mail will be carried on a
Qantas aircraft from Sydney or
Brisbane and will travel to London
either via Singapore or San Fran-
cisco, returning in the reverse direc-
tion.

Articles for inclusion in the phil-
atelic mail must be lodged with the
Superintendent, Mail Exchange
Branch, G.P.O., Brisbane, by the
October 29. Articles will then be
impressed there with the commem-
orative postmark and conveyed to
Winton, Queensland, for actual des-
patch.

Qantas was formed at Winton on
November 16, 1920, and the post-
mark will incorporate this name.

Christmas Postage Stamp — The
PMG has also announced that the
5d commemorative designed to empha-
size the spiritual significance of Christ-
mas will be issued November 9. Of
crimson lake color it will depict an
open Bible with the Christmas mes-
sage: "Behold I bring you good tid-
ings of great joy (Luke 2-10)", il-
luminated by a candle.

The new adhesive will be avail-
able at post offices for approximat-
ely nine weeks, and will thus be on
sale at the beginning of the 350th
anniversary year of the first publica-
tion of a new English translation of
the Bible, authorized by King James
I, which first appeared in 1611.

Pony Express Cachet November In Chicago

The Pony Express mail of 1860 was made up in New York and Chicago and sent to St. Joseph, Mo. by rail, to be carried by pony to California. Thus the first leg of the Pony Express was carried by the "iron horse", whose rails were then already radiating from Chicago in every direction.

Pony Express headquarters in Chicago was the office of the Central Overland, California and Pike's Peak Express Co. in Room 18 of the then newly built McCormick Bldg. at the southeast corner of Dearborn and Randolph St. This is the present site of the Balaban & Katz United Artists movie theater.

The Chicago Philatelic Society will apply free a Pony Express cachet picturing the original McCormick Bldg. to covers brought for mailing to the CPS 24th anniversary philatelic exhibition to be held in connection with the 26th American Philatelic Congress at the LaSalle Hotel November 4-6.

The covers will also receive the official philatelic exhibition station cancel. Only addressed covers with first-class postage affixed and brought to the exhibition during the Congress will receive the cachet.

The election of Abraham Lincoln occurred 100 years ago November 6, the closing date of the CPS show. The news of it was carried to the west coast by the Pony Express in a record run.

New BNA Catalog By Lyman Now Ready

"Lyman's Postage Stamp Catalogue of British North America" is the full title of the most recent addition to listings of that area of the stamp issuing world. It is a 40-page slick paper production, well illustrated, bound in a three-color paper cover, at 75c per copy.

The newcomer was compiled by the Robert W. Lyman Co. of Toronto 9, Canada, and is being distributed by the International Coin Co., 227 Victoria St., Toronto 2. Of special interest to all collectors is the thorough description given to condition terms, with illustrations to correspond.

Early issues are quoted for mint fine, good and premium, with used in fine and good. Later items are shown also as blocks and many as plate blocks. There are schedules of Canadian booklet panes, official perforations, and plate numbers by position.

China Modifies "Kinmen" Design

The Republic of China has announced a slight revision of the design of its "Kinmen Tower" series of regular stamps. In the set of 40c, 60c, 80, \$2.50, and \$3.20 values released October 5, the panel enclosing the six Chinese characters and denominations is now white instead of dark as in previous emissions.

The inscription reads "Postage Stamp, Republic of China" and the value, with this item repeated in Arabic characters. Colors of the new set are, respectively, violet, dark magenta, deep green, sky blue, and deep brown, quantities, 5,000,000 to 100,000,000 examples.

Several new postal stationery items have appeared recently, including a \$2 deep red domestic prompt delivery envelope in both horizontal and vertical format. Also, about half of the March 31 \$1.40 value of this item, scheduled for delivery beginning March 31, has been re-allotted for printing in the \$2 value.

Similarly, part of the March 25 order for 20c domestic postcards in both horizontal and vertical format has been re-allotted toward a new issue of such items in a 40c jade green denomination.

A million 40c jade green, vertical format cards were issued September 30 with red overprint of two Chinese characters meaning "Field Post".

Finally, Supplement IV to the Chinese version of the catalog of the nation's stamps was published September 30. It concerns 1959 issues and is priced at 20c U. S. plus postage, from the Directorate General of Posts, Taipei, Taiwan, Republic of China.

Club Auction Brings Variety Of Benefits

An unusual combination of benefits will be derived from the November 11 and 18 auction which was advertised in Linn's October 3 issue by the Elmhurst Philatelic Society. This is an international organization of collectors specializing in the philately of Mexico.

The affair is a king-sized auction in every respect, with material of variety and value on the block. It is composed of duplicate and surplus items owned by club members, with proceeds reverting to them.

Again, the unusual offerings will be limited for sale to members only, although non-members may bid if applications for membership accompany their bids. This requirement is set forth in the group's two-page October 3 ad.

Collectors of general issues as well as specialists in Mexico are referred to that extensive listing to find many possibly needed items; sufficient time still remains for placing their bids. The Society's address is 239 Claremont St., Elmhurst, Ill.

Altar Carvings On Polish Sextet

A set of six stamps and a miniature sheet, all scheduled for September 1 release in Poland made their appearance September 20. Featured on all seven are various of the wood carvings on the famous altar of St. Mary's Church, Crakow, Poland. They were created by the medieval artist Wit Stwosz.

Details are: 20 groszy blue gray, the Annunciation; 30gr. red brown, the Nativity; 40gr. violet, homage of the Three Kings; 60gr. green, the Resurrection; 2.50zloty dark red, the Ascension; and 5.60zloty brown, descent of the Holy Spirit. The 10zloty miniature sheet features the Assumption of the Virgin Mary.

All designs were by R. Kleczewski, with recess printing at the State Printing Office. Engravers were, in order, E. Konecki, E. Tirdiszek, B. Brandt, B. Szymanska, Mr. Konecki again, J. Miller, and S. Lukaszewski.

Other recent Polish issues include a September 26 single for the centenary of the birth of pianist-statesman Ignacy Jan Paderewski. This is a 2.50zloty adhesive in dark gray, designed by Jerzy Desselberger and printed by the engraved process at the State Printing Office.

Scandinavian Area Philatelic Activity

Bevaringsgatan 11
Gothenburg, Sweden

If you look at Finland in your Scott Catalogue, you will discover that special military stamps were issued during last war (Scott Nos. M1-7). The total quantity issued of M1 was 25,000,000. It appears in two big varieties, on dark red and on orange red paper.

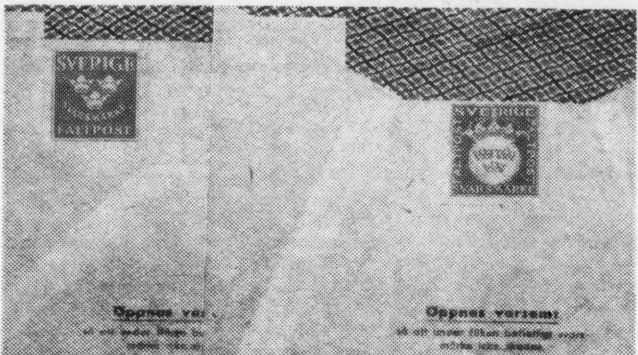

Nos. M2 and M3 were printed in 5,000,000 and 16,000,000 quantities M4-16,000,000; M5-20,000,000; M6 and M7-30,000,000 each. It can also be said that M4-7 appear on thick as well as thin paper.

Also in Sweden special military stamps have been issued since 1929. They were, naturally, most common during last war. These stamps are listed in all European catalogs but not in the Scott's, even though they were stamps in the ordinary meaning. No one knows why Scott neglects them.

It is also hard to understand why Scott lists military stamps from one country (Finland) but not from another (Sweden). Inconsistencies like this can not be good for the philately.

During war times the Swedish soldiers received two special covers each week. They could be sent from soldiers to civilians only (mostly to their families). They were on military and postal service.

In other words, the soldiers could send two letters every week free of costs. I think the privilege was necessary as the soldiers during the last war received only 30c per day cash wages.

The "return stamp under flap" Swedish Military Post envelope is shown above in its two principal styles. About 5 x 6 inches in size, the variety at the left has the stamp imprinted on the left end-piece of the envelope, while the other has it on the bottom fold-up. On the face of the cover a warning message explains the system, while "Open carefully / so the stamp under the flap / will not be damaged" is carried prominently on the back. The return stamp is gummed and ready for use; it was valid for a sending up to 500gm in weight.

When a civilian — wife, fiancée, friend — received such a military letter, he or she could answer it without any postal charges. On the back of the envelope, under the flap, they could find a special military stamp to be used on an ordinary letter.

These stamps were imperforated and gummed and had to be cut from the flap and affixed on the return-letter. These military stamps were regular stamps to be used to military camps only!

The rarest of the Swedish military stamps is No. M1 of 1929. It was printed in black in only 44,000 copies, and has a retail price in Sweden of \$5 mint and \$17 used. If you can find it on a cover it is valued \$30. The next year, 1930, the same stamp was printed in blue in a quantity of 1,000,000. This one is valued only 40c!

When the Second World War start-

ed hundred of thousands of soldiers were ordered to the borders around Sweden and it was necessary to print new issues of these military stamps. The first one came in August 1939 in the same design but with frames around them (simulated roulette or perforation) in a quantity of 420,000.

Later on, new issues were printed and in total we have ten major types of military stamps in Sweden. They are printed on white or brown paper in black, blue or green colors. All of them show the Swedish national arms in two different designs: three crowns. Different shades and types of frames have been found and the values of them vary very much.

Military stamps are popular here and are collected by all philatelists. They give collectors a rich field for philatelic studies, especially for those who seek different cancellations. Military post offices always

had the word "FALTPOST" (field-post) and a number in the cancellation.

I recently bought a supply of military stamps and will send a single copy to each of my readers in Linn's if they are interested in having a look on them. The stamp is a little gift to you and will be sent free of cost as long as my "stock" lasts.

All questions about the military stamps will also be answered. All of you are invited, whether you have written to me earlier or not. The only thing I ask is mint U.S. stamps to pay return postage to the States. That's my offer for today — you are welcome to it!

I'll be glad to hear from you, dear friends, and so long for now!

Specialist Groups At Philatelic Congress

A number of specialist groups will participate in the second seminar for specialist groups of The American Philatelic Congress November 6 at Hotel LaSalle, Chicago. The seminar will be one of the main features of the 26th annual Congress, which opens November 4 at the LaSalle.

In 1959 at the first such meeting, 40 organizations were represented in discussions held at Hotel Jefferson, Atlantic City, N. J., during the Silver Jubilee sessions of the Congress. It is anticipated that approximately 50 will be represented at Chicago.

In conjunction with the twenty-sixth Congress and the seminar, The American Philatelic Congress will also distribute its annual Congress Book. The 1960 volume will contain 15 research articles, and will bulk about 176 pages, profusely illustrated.

Membership in The American Philatelic Congress includes receipt of the Congress Book. Data on the organization may be obtained from the secretary, Mrs. Conway Zirkle, 2307 Secane Rd., Secane, Pa.

News From The European Area

R. Y. Megan

"Thick as the autumn leaves in Vallohmbrasa" fall the publishers' autumnal offerings for the philatelic bookshelf. Milton might not have approved my borrowing his simile for such a mundane purpose, but truly, my desk has been almost snowed under these past few days with books from all over, covering the most widespread range of philatelic interests.

Easily the most outstanding of these, and possibly the most thoughtful philatelic contribution of the year, is Christian de Moor's "Postzegelkunst", published by the Netherlands Postal Administration in The Hague, at \$5.25.

This is a book which will appeal to the cognoscenti of fine art and fine printing (by Enschede, of course), but I am afraid that its publication will be largely a labor of love, and could not be commercially successful.

It is I think very much above the heads of most of the collecting public, not only because of the handicap of language, (the main text being in Dutch with short summaries in English, French and German) but also because the text deals with a subject regarded by most readers as obscure.

In effect the book is a reasoned critique of the entire development of Netherlands postage stamp design, from 1852 until the end of 1959. It treats the various definitive and commemorative series against their backgrounds of contemporary artistic trends and stylistic developments.

Technically speaking, this 300-page work is a flawless example of fine typography expertly put together. The philatelist, however, unless he is really interested in the question of style and purpose, and is prepared to put in some fairly hard work studying the text, will find comparatively little to interest him beyond the illustrations.

These are competent black-and-white reproductions of all issued designs, together with a number of the more intriguing essays, the results of competitions. There are also some beautifully drawn sketches and models of famous people portrayed on the stamps, or connected with their creation.

Christian de Moor has been the supervisory genius behind Netherlands postage stamps since the retirement of the late W.F. Gouwe, and he has worthily carried on a tradition initiated by Dr. Jean-Francois Von Royen, Director-General of the Netherlands P.T.T. until his arrest and murder by the German occupying forces in 1942.

Van Royen himself was very keenly interested in the graphic aspect of all post office activities, and made it his personal business to see to it that the stamps produced under his aegis were none but the finest, and able to bear comparison with the best work in the world.

Needless to say, the tradition has been carefully upheld by Dr. Van Royen's successors, who have never been afraid of indulging in bold experiments especially on stamps with limited currency. Dutch graphic artists may not be the world's best; they are at least given every opportunity of bringing their work to the notice of the philatelic public.

I learned one interesting fact from the perusal of this book; it concerned the attitude of the German occupying powers during the War towards even such mundane things as stamps. To begin with, they withdrew the Wilhelmina definitives and replaced them by the 1924 "Dove" design "behind bars".

Later, the same pattern was issued without the overprint and in different values. Not content with turning back the stylistic wheels, they next proceeded to pillage the ten designs prepared before 1940 for the forthcoming series of Summer Stamps which never materialized.

These all showed Netherlands sea heroes, and were peculiarly apposite to the German desire to fan Anglo-Dutch enmity. The low values were "Germanic symbols" which had in fact been decided by Van Royen (under German pressure) before his arrest and deportation.

Their execution by Pijke Koch ensured (I believe I am right in saying) that this artist received no post war stamp commissions from the Netherlands, and only one for the Antilles.

As for the two Nazi series by W. H. Nijs for the Netherlands Legion and the Winter Aid, these are a total negation of the entire progress years. In other words, even here at which the Dutch Post Office had aimed during the preceding 20 we see nothing but pillage and exploitation, a total exhaustion of the reserves and their replacement by an unworthy substitute.

Next in merit of production comes Fabian Bura's handbook of Olympic Games stamps "Olimpiady a Filatelistky", which I have received in its German translation "Die Olympischen Spiele auf den Briefmarken der Welt".

This is a very nicely turned out book from the Narodowa Printing Office in Cracow, which illustrates many extremely beautiful pieces, some in full color. It must be very largely based on the author's magnificent private collection.

Being written entirely without any political bias whatever, this book can be considered on its merits and is certainly one of the outstanding contributions to sports philately in print.

Publishers are the N. I. Hoffmann Verlag in Cologne, but I am afraid they give neither their own address, nor the price at which the book is to be sold. I understand however that an English-language translation is in preparation. In the meantime, enquiries should be addressed to "Ars Polona", Warsaw, Poland.

A second volume (equal in extent to the 184 pages of the first, which covers all stamps devoted to the Olympic Games from 1896) is in preparation. It will be devoted in its entirety to the emissions for the 1960 Games, which to my mind is an extremely suggestive development.

Next, of course, come the catalogs, and we start with that old faithful in a new guise, the Michel 1961. For this edition - the 51st - the work has been entirely reset, and consequently the volume has been reduced to "only" 1620 pages.

This has been achieved by the excision of a large number of irrelevant notations and illustrations, some of which should never have found their place in a standard work.

In addition, the heading text has been completely revised and considerably abbreviated, with typographical devices included for frequently used expressions such as "designer" and "engraver".

Somewhat surprisingly, the publishers did not take the opportunity of replacing the bold and very expanded heading type with its condensed equivalent.

The work has certainly gained in compactness without losing its informative value; indeed, some of the thematic descriptions have been further enlarged. Pricing and accuracy are as usual superlative, and those who know their Michel will not be disappointed in this year's production.

Very much less ambitious, although clearly set and printed, is the 1961 version of the Belgian "Catalogue Officiel", published by the Belgian Stamp Dealers' Assn. in Brussels.

Is it significant that the stamp on the front cover is one of the "cornered" Pro Juventute Olympic Sports series of the Belgian Congo? Certainly, members of the Dealers Assn. are those who profited most by the advance information!

Of greatest interest here is the pricing, which shows that the wartime sets after being in the doldrums for many years are now slowly moving up the scale since even the enormous printings there have at long last been exhausted.

Modern material since the War is usually highly regarded, and some of the popular thematic sets are priced at surprising levels. For instance, the 1956 Europa issue is marked at 25fr. mint for the 2fr., and 12fr. mint for the 4fr., whilst the used prices are only 1 and 4fr., respectively.

Other popular thematic sets, for instance the 1950 Athletics series 430-fr.) and the 1949 UPU 4fr. (12fr.) show that this country remains deservedly popular.

Finally we come to the "LIPSIA

Catalogue of East Asia", published by the Verlag Enzyklopedie in Leipzig. The chief merit of this East German work is its pioneering approach in abandoning alphabetical order from Aden to Zanzibar, and instead dividing the world into regional groups.

In this instance, we have China, Indo-China, Hong Kong, Japan, Korea, Laos, Malaya, Manchuria, Mongolia, Ryukyu, Thailand, and Viet Nam. In itself, this work does not belong to this column, but I have included it since it is a European production.

A knowledgeable friend who has reviewed it tells me he is very impressed by the thoroughness of the presentation, which however brings

British Surcharge On Italian Stamps

Even for this generation, a decidedly unusual set of philatelic orphans was produced by the fast developing political changes as independence has supplanted colonial status in many areas of Africa during the past few months.

With British and Italian Somaliland scheduled for union to create a new republic July 1, and the British area gaining its freedom a few days earlier on June 26, this entity held the status of an independent country for less than a week.

Stamps were necessary for this interim period, and to complicate this circumstance the British authorities did not have sufficient stocks to permit surcharging. Accordingly, the Italians at Mogadiscio supplied sufficient of the 10c, 50c and 1.50 Somalia Gazelles (Scott AP16) which were surcharged in English "Somaliland / Independence / 26 June 1960" in black.

George Herzog, Inc., of Yonkers, N. Y. supplied a first day cover from which the above illustration was made. It was sent from Hargeisa to Addis Ababa, thence enclosed to Mr. Herzog.

ELECTRO PRECANCELS

It was rather gratifying to read the article in the Precancel Edition by Mr. Jacobson on Printed Electros. Although we each had a little different slant on the field, in general we certainly agreed.

I assure you I had not contacted Mr. Jacobson beforehand, nor did I even know about his—or any article, for that matter—that was being prepared for this edition.

While at the convention in Schenectady I ran across a couple of those characters who quietly go here and there and pick up that nice local electro material. Of course they don't advertise that's what they are interested in, because dealers have the inclination to up the price a little if you talk too loudly about any specialty you are interested in.

Just picking them up and laying them away is what they are doing. Maybe some day there will be a catalog and they will be in. Even if not it is still possible to lay out a collection, although it would be a lot easier with a good catalog.

If you have some stock sheets and have access to duplicates stick some of the better printed local electros away in them. You might get an idea different from anyone else's about what to do with them or how to mount them.

THIS AND THAT

The Postal Bulletin for September 1 showed that South Zanesville, Ohio would be discontinued as of September 30. The office although a second class one is really in the Zanesville territory and now will be a branch of the Zanesville office.

Will N. Silver of Dorchester, Mass. who has the 3c Boston Bureau sheet please contact me. I now find a collector interested in this but can't find Mr. Silver's address.

Also I'd like to contact the party who used to write me from Hoffmeyer's dry goods store in Albany, Ga., and a clerk in the post office there.

BULLETIN BOARD

The "Precancel Yankee" in with a 1c and 2c Liberty from Hampden, Mass. Type U-120 or very similar. The "E" in Hampden is high and leads to think this might be a local rubber stamp. It does not match the new "U" types. Write Bob Briggs, North Orange, Mass. if interested in New England.

The "Nebraska News" showed up with a 1c and 2c Liberty from Battle Creek, Nebr. Type U-133. Nebraska has 413 Towns and 643 Types. Write Keith Spencer, Box 645, North Platte, Nebr. if interested in this state.

The "Printed Dated News" in with a 1/2c and 2/2c from Rockford, Ill. The 1/2c is in U-130 type, the 2c is a Bureau; both are properly

dated. Write Tom Beddoes, 318 Alliance Ave., Rockford, Ill. if interested in Dateds.

The "Precancel Guide" bulletin of the Precancel Museum in with two 1/4c and one 1/2c Liberties from Menlo Park, Calif. The 1/4c are the U-17 electro the 1/2c is a U-121n type. Contact Gordon L. Wall, 13014 Egil Ave., Baldwin Park, Calif. if interested in this group. They also released a 1c Liberty from Palmdale, Calif. U-130 when mailing out membership cards.

The Southeast Kansas Philatelic Society mailed their recent bulletin from Caney, Kans. with three 1c Liberties. The type was U-120. Write Virginia Johnson, secretary, 123 Elm St., Columbus, Kansas if interested in this group. Remember this is not strictly a precancel club.

The "Phila-Quad" of the Quad City Stamp Club in with a 1/2c Prexy and 2/2c Liberty from Rock Island. The 1/2c is in the old U-8 and inverted, the 2c in the new U-131 type.

Davenport, Iowa; Moline, East Moline and Rock Island, Ill. are the components of the Quad City Club. This too is not strictly a precancel club. Contact man here is Charles Pippert, Box 171, Milan, Ill.

SPECIAL USA OFFERS

Having recently made a very special large purchase I was fortunate in securing a number of good old U.S. and S. & C. American Collections. The lots hereunder are only a few of many hundreds. So please friends do not hesitate in sending your WANTS to my Office. Shall do our very best to help you, and will get individual attention which is so lacking in many Philatelic concerns nowadays. By the way — I have instructed my buyer to purchase in the next six months not less than \$60,000 worth of U.S.A. and other Americans Inc. B.N.A. for our overseas Clients. So it will pay you to contact me as my prices are very competitive, in fact I can safely say that I am one of the cheapest in the U.K. and as I have stated so many times everything sent out is fully guaranteed with money refund if dissatisfied. We do not deal in RUBBISH — only good material. So do not delay in sending your order or WANT LIST.

**Italian Area Market
Continues Upward**

There are increases in all sections of the various Italian specialized catalogues for 1961, such as Sassone, Landmans, and Bolaffi, according to Vittorio Lo Bianco Inc., 116 Nassau St., New York, specialists in Italian material.

The trend which started seven or eight years ago seems to be gaining momentum. Demand is strong and the market is very active. Italy, Vatican, former Italian Colonies and Occupations, offices abroad and Italian States all participate in the rise.

Trieste Zones "A" and "B" have increases in the choice items, while considerable rises are noted in San Marino quotations. The stamps of this tiny Republic, the oldest in the world, are becoming more and more popular and are in great demand in Italy itself.

Topical issues, such as Flowers, Sports, Olympics, and UN, show unusual advances. The Scott 1961 Catalogue reflect the favorable situation of the Italian market with sensational gains in all sectors.

In conclusion, emphasized a spokesman for the firm, 1961 should be a very good year for Italian philately.

**Thiaude '61 Catalog
Of French Region**

The Thiaude catalogue of French stamps is a basic reference work for all purchases as well as for all sales of stamps in France at the present time. The new 45th edition 1961 continues to benefit from the Thiaude classification system which has proved to be so satisfactory to date.

It groups together all the stamps representing celebrated people, sites and monuments, etc., quite apart from the recapitulatory tables which make it possible to find the required stamp immediately.

The heading "late final" continues to have great success, because it gives details of stamps which are not due to be printed before the last quarter of this year.

A careful study of the different quotations reveals that the French stamp market is one of the most prosperous in Europe. The rise in price remains substantial, and the most sought-after stamps in France have increased in value by some 20 per cent.

The "Catalogue Thiaude des Timbres de la France et de l'Union Francaise", 45th edition 1961 is paper bound, illustrated, and of 304 pages. Published by Henri Thiaude, 24 Rue du Quatre-Septembre, Paris, France, it is priced at 3.75 new Francs (75c U.S.).

**Cachet, Three-Day
Show At Hanover, Pa.**

A cachet cover has been prepared for HANAPEX 1960, the second annual philatelic exhibition sponsored by the Hanover Stamp and Covers Club, Hanover, Pa. Featured in the design is the monument on Hanover's center square.

The exhibition will be held in the Kuhn Auto Sales Show Room, 1100 Carlisle St., Hanover, Pa. It will open November 11 from 6 to 10 p.m.; November 12 from 9 a.m. to 10 p.m.; and November 13 from 1 to 6 p.m. No admission will be charged.

All collectors are invited to enter the competition of the six-division show. Affiliation with any club or society is not necessary. A prospectus for the show is available from Frederick E. Clark, RD 1, Hanover, Pa. Deadline for entries is October 15.

**Harris U. S. BNA
Catalog For 1961**

The highly regarded H. E. Harris & Co. catalog of United States Stamps, U. S. Possessions, and British North America is now available in its first 1961 edition. Of 160 pages, nearly 2000 illustrations, it also contains a valuable U. S. stamp identifier, a special "Americana" section and United Nations complete. The price is 35c post free, from H. E. Harris & Co., Catalog Dept., Boston 17, Mass.

This all-new first 1961 edition incorporates more than 2000 up-to-the-minute price changes throughout 160 beautifully illustrated pages. It is an accurate barometer of the current market.

Listed are virtually all U. S. issues—postage, airmail, special delivery, revenue, telegraph, envelope, and postal card. All U. S. Possessions, Confederate States, Canada, Newfoundland, and the Provinces of British Columbia, New Brunswick, Nova Scotia, and Prince Edward Island are covered.

Specialties such as mint sheets, first day covers and plate blocks are among its many other featured attractions, while the "U. S. Stamp Identifier" will enable collectors to distinguish quickly and easily between rare stamps and the common "look-alike" varieties.

Among U. S. issues particularly, widespread activity continues to focus attention upon the earlier items, but with expanding interest extending nearly all along the line to issues of 1935. A strong market is distinctly evident also for commemorative and airmails.

It should be noted, however, that while there have been numerous price changes, these have been for the most part moderate in nature. Harris prices are quoted at the net retail level, and the firm's catalog is widely used by both collectors and dealers as a guide in their transactions.

**Borek "Briefmarken
Katalog" Now Ready**

The new edition of the Borek "Briefmarken Katalog Deutschland 1961" is now being offered in the United States. It is of 192 pages, with some 220 illustrations and over 17,000 price listings. These are net retail as of press time, according to the publishers.

Prices are in West German Marks, at four to the \$1 U. S. They reflect the intense activity in the area during recent months, with strong advances in about half of the Old German issues and even greater jumps in early offerings of Berlin and West Germany.

The volume is of the usual size with red, blue and black glossy flexible binding. It is priced at \$1 postpaid by Charles Tuck, 600 W. 115th St., New York 25, N. Y. Various Borek Netto catalogs are also available from Mr. Tuck; details on request to him.

**AFA "Europa '61"
Catalog In Danish**

The Danish language catalog of European issues, "AFA Frimærke-katalog 1961" has now been published by Aarhus Frimærkehandel, Bruunsgade 33, Aarhus, Denmark. It is a well revised and current (as of press time) listing of all European issues.

The new edition contains 1472 pages with over 16,000 illustrations. It is printed on good paper and bound in cloth as in the past. Artwork includes not only the actual stamps, but in many cases detailed drawings of those areas where important varieties can be found. It is priced at \$4 by the publisher.

Also available at this time are the firm's AFA Scandinavian catalog with 136 pages, over 1000 illustrations, at 80c, and its AFA Denmark Firebloklister 1961 at 35c.

Yemen AL Center Commem "Scarce"

Bruce Conde

Yemen's Arab League Center stamp, unlike some of the other Arab states' "maverick" varieties, conformed exactly to the original UAR norm and color except for the substitution of "Yemen" in the country name band, "4 bogash" for the "10 mills", and the Royal Arms of the Mutawakelite Kingdom of Yemen for those of the UAR in the "arms box" at upper left.

The black on green pictorial was placed on sale in Cairo and Taiz on Arab League Day, March 22, at face value or the Egyptian currency equivalent, around 8c U. S. As it is not a worldwide topical or thematic item, Mr. "X" concentrated on the Refugee Year set.

This he secured at the same time as this stamp and sold on an exclusive basis 10 days before issue, but did not charge excessive prices over face for wholesale lots. Somewhere along the line, however, the major part of the stock got tied up.

Efforts to sound out Sana'a for sizeable quantities brought the response from the Ministry of Communication's stamp storekeeper that the issue was a "scarce" one locally and that only smaller quantities could be provided for the time being.

It is presumed that between 100,000 and 200,000 were printed and that only 20,000 were sold by the UAR philatelic office in Cairo to pay the printing costs.

It was possible, however, for Beirut dealer Farah G. Farah of Middle East Philately to get 100 FDC's serviced in Sana'a, and to be able to place them on the market as cacheted covers, although the cachets had to be applied subsequently in Beirut.

He had sent 100 standard white covers with his key Koroleff-designed cachet of the new Arab League Center Building, to Yemen, but they failed to arrive by March 22nd. Ingenious Yemenite contacts went right ahead applying the stamps and first day cancels on gay airmail envelopes procured locally in Sana'a.

When these reached Beirut, Farah "overprinted" them with his master cliché. The resulting color combination of red on gray blue, with the red and blue envelope border, made a much more stunning appearance than the original violet on white cacheted envelopes. The latter arrived shortly thereafter and were run through the mill by enterprising Sana'ani philatelists, making a probable total of 200 of these items in existence.

Portuguese Catalog Of Stamp Centenary

An especially interesting topical catalog has been published in the Portuguese language in Brazil. It is confined to the world issues noting the 100th anniversary of the postage stamp, which took place in 1940.

It is a well printed, 32-page 6 x 9 offering is paper covers, with many illustrations. The numbers used are those of Yvert & Tellier, a popular catalog in the South American area. However, the final four pages list all the stamps and first day covers at prices in Brazilian Cruzeiros under both Y & T and Scott numbers.

The "Catalogo dos Selos Comemorativos de Centenario do Selo" is priced at \$3 check or currency by Frederico C. Ortweiler, Box 1491, Curitiba, Parana, Brazil.

Chautauqua County Postal History Work

In what is probably the most ambitious undertaking to date on the county level, C. M. Nichols of Jamestown, N. Y. has written and published his "Early Post Offices of Chautauqua County, New York". It is of 150 pages with 60-odd illustrations, printed on slick paper and

The volume traces the introduction of the mails to Chautauqua County from central New York state, through Buffalo and into the county. It also locates and describes all offices ever opened in the county, with sidelights of interest.

Included are chapters on the carrying of the mail on the steamboats of Chautauqua Lake, and notes on the early experimental airmail flights over Chautauqua Lake, by hydroplane, during 1914.

The book is a welcome and valuable addition to a neglected field of philately. It is priced at \$3.95 post-

Early Sculpture On Stamps

PART III

It was not until the beginning of the nineteenth century that the antiquities of Greece began to attract the students. Once they were noted, a methodical exploration of the soil of Greece gradually began. The excavations brought to light great numbers of Greek statues and monuments.

Until a comparatively recent time, a certain amount of mystery continued to hang about the origin of Greek art, but it is surprising to find how accurate were certain vague beliefs of the Greeks, which were contained in their myths and legends.

The prehistory of the country (termed pre-Hellenic, or Aegean culture) begins on the island of Santorin, then called Thera. Nothing from this time is shown on stamps, so far as we know, but a view is shown on the 16Dr. airmail issued by Greece in 1940.

The second stage is found in the lower strata of the remains of ancient Troy. Nothing from this strata is on stamps either, but the excavations at Troy are commemorated on a 1956 issue of Turkey. The Troy which we know from the Homeric poems is now thought to be the third level from the top of this mound.

The site of Mycenae, the ancient city of Agamemnon who led the Greek warriors at the siege of Troy, according to the Iliad, was well known. The ancient Greeks described its walls and its abandoned enclosure, but they thought the walls were built by the Cyclops who also constructed the walls of Tiryns.

It was not until in 1880, when Schliemann began his excavations, that the true history of the site was learned. The stamps of Crete are interesting in connection with Mycenae, Tiryns, and Cnossus. The Cartouche of Amenhotep III, shown on a 1951 Italian stamp, was found in the chamber tombs at Mycenae. Amazing, isn't it?

King Minos is shown on the 1900 issue of Crete, designed from a coin found at Cnossus. Legend states that he held office for periods of eight years together.

At the end of each period, he retired for a season to the oracular cave on Mount Ida (Mount Ida is shown on No. 82) where he communed with his father Zeus, according to some stories.

The tradition implies that at the end of every eight years the king's sacred powers needed to be renewed by intercourse with the godhead.

From that we may surmise that the tribute of the seven youths and the seven maidens whom the Athenians were bound to send to Minos every eight years, had some connection with the renewal of the king's power.

As you recall from your student days, the Athenians were forced to pay Minos this tribute so that he might feed the Minotaur. The Minotaur, a monster with a bull's body and a human head, was kept in a labyrinth constructed by Daedalus.

The name, labyrinth, is thought to be derived from a word similar to labrys, the old Carian word for a double axe. In the second palace at Cnossus, axes were incised on the stone blocks of the walls; small gold amulets in the form of an axe have been found there, and axes are seen in the frescoes.

From this and other evidence, it is now believed that the second palace at Cnossus is that of King Minos, thus making him an historical figure rather than a semi-legendary one. A number of stamps of Greece have a labyrinth border.

The Minotaur (not "bull" as Scott has it) is shown on the 5 lepta

stamp issued by Greece in 1937. The design was derived from a fresco in Minos' Palace at Cnossus.

In one of the halls, Evans discovered a marble throne intact, which may have given rise to the legend of the throne of Minos. Minos is shown on his throne on the 2Dr. adhesive of the 1900 issue. There is such a throne still in existence.

The Cretan Daedalus (Canada C5, Belgium B370, Greece C24) was not only an architect, but also the mythical ancestor of Greek sculptors. It is claimed that through him the spirit of Greek art materialized. He took the sacred wooden images and made them statues—still of wood, but with open eyes and less rigidity.

Discovered at Cnossus was the magnificent votive offering in the shape of a bull's head, half life-size, carved in black steatite, with gilt horns, muzzle inlaid with white-shell and enamelled crystal eyes. This is seen on the 200Dr. Greek issue of 1954.

At the beginning of the tenth century B.C., the artistic development of Greece suffered an interruption—called by the Greeks, the Dorian invasion. The new beginning of Greek culture forms a period to which is given the name archaic.

Two main types of sculpture appear during this period; the masculine type is the nude figure of an athletic youth; the feminine type is a girl dressed in a tunic and a mantle which is caught up gracefully. There are a number of secondary types.

There is a masculine type which is not simply that of the athlete. It appears to originate in the statue known as the Moschophorus, or Calf-Bearer, which is in the Museum of Athens (Greece 565). It is carved from the local marble and must have been a votive offering of the period before the Persian War.

This statue was the first of an interesting type. Later a lamb was substituted for the calf, and finally it came to represent the Good Shepherd of Christian art as seen in Catacomb paintings.

During this period, there were three national sanctuaries in Greece, in addition to the temples dedicated to the local deities of each city. In these sacred places, a great number of votive monuments were set, many of which have been recovered.

Decorating the great temple of Zeus at Olympia are two themes. On one side there are Pelops and Oenamaus, with Jupiter in the center. On the west pediment is shown the combat following the wedding of Peirithous, when the centaur guests violated all the laws of hospitality by attempting to carry off the bride and her girl companions. They were overcome by the Lap-

iths. Apollo, in the center, presides invisible over the battle, and solemnly extends his hand and decides the victory. A detail of this Apollo is shown on the 1944 Swiss issue to commemorate the Olympic Jubilee.

Excavated at Olympia was the Floating Victory seen on the 5Dr. commem issued by Greece in 1896 for the First International Games. Attributed to Paeninius (c. 425 B.C.), the goddess was represented as actually in flight and before the mutilations of time, sported a pair of wings and a billowing robe.

Tradition locates the main centers of the schools of bronze workers in Aegina and the Peloponnesus. The type of sculpture created here was of simple lines and broad planes which was much more easily cast in bronze than earlier figures.

One of the works of this style is the figure of a chariot driver found (Continued on page 25)

A Classic Study In A Popular Field "The Paid Markings on the 3c U.S. Stamp of 1861"

by George W. Linn

As the title indicates, this study is confined to one stamp, the 3c of 1861, and one type of cancellation, the word "PAID" with or without other ornamentation. In the more than 100 such marks, Mr. Linn presents 90, with their pedigrees and places of use, not previously recorded. So it can be seen that quite a bit of original research went into the writing.

The author has separated the PAID types into twelve different categories depending on their appearance. Each is illustrated, fully described, with the known towns of use listed.

An introductory chapter instructs the reader in an approach to the collecting of postmarks and printing terms and practices. With each book comes four sheets on which all the cancels are printed. These can be cut from the sheet and placed in the album with a cover or stamp as an illustration of the type which the item bears.

THERE ARE 104 PAGES BOUND IN CARD COVER.

Philately Of The Holy Land

Leon Walters
58-31 207 St.
Bayside 64, N. Y.

Israel's philatelic program for 1961-1962 is presently at hand. Before we review it, it would be advisable to mention a few more details concerning "TAVIV", Israel's 4th National Philatelic Exhibition to be held in Tel-Aviv October 9-19.

The original plans, as reported in our column of September 12 have been slightly altered and the souvenir sheet will appear without the bottom inscription as shown there.

The FDC's of the stamp (none of the souvenir sheet will be issued) will cost approximately 4c more than usual. As on previous occasions part of the exhibition expense will be covered by the sale of the covers.

The stamp and the souvenir sheet will be on sale only during the period of the exhibition. This is relatively a short period, and collectors are advised to secure their philatelic needs while the supplies are on hand.

The stamp of the denomination of 25 agorot (14 cents) is dark olive and olive gray, printed by photogravure on unwatermarked paper by the Government Printers Hakirya Tel-Aviv. The printing cylinder was prepared in consultation with the graphic artist P. Kor of Tel-Aviv.

The post office sheet consists of 20 stamps with 5 descriptive tabs adjacent to the bottom row; perforate 13x14 plate number 30.

The FDC's will be canceled with the exhibition cancellation in addition to the "first day of issue" mark. The souvenir sheet will be issued simultaneously and will contain the perforated stamp. The price of the sheet is 50a.

Now to return to Israel's philatelic program for the period of April 1, 1961-March 31, 1962:

1), A set of three stamps in honor of Memorial Day and the 13th Anniversary of Independence Day of Israel. Readers may recall our review of the previous twelve Independence Days, and we certainly hope to cover the "Bar Mitzva" of Israel in the same manner.

2), A single commemorating the 40th anniversary of the "Hapoel" sport organization. "Hapoel" is Israel's largest organized sport group with 300 branches and 25,000 members.

It is affiliated with the General Federation of labor (Histadrut) which was organized in 1920 and is the largest labor organization in Israel.

It may be noted that all the sport movements are united in the Israel Sport Federation which comprises 118 organizations. It is also affiliated with several of the international sport organizations.

There is no professional sport in Israel. The largest sport field is the Ramat Gan Stadium which accommodates 60,000 spectators.

3), Another adhesive noting the 25th anniversary of the founding of the Israel Philharmonic Orchestra. This orchestra which is Israel's foremost musical institution and one of the world's leading orchestras was founded in 1936 by Bronislaw Huberman. About 25 of its 93 members are Israel born or Israel trained.

The orchestra's permanent home is the 3000-seat Fredric R. Mann Auditorium in Tel-Aviv. However, performances are given throughout the country by world famous conductors and soloists, as well as local artists.

New Stamp Society In Fairfield, Conn.

The first meeting of the Fairfield Philatelic Society was held September 11 at the George Alfred Smith Post No. 74 American Legion, Reef Rd., Fairfield, Conn. A "first" for the city, the group already has 25 members and is inviting the interests of all collectors in the area.

Plans include a dual senior and junior membership contest through December, a topical contest, and general instructions on basic philately for the less experienced members. Radio station WMMM of nearby Westport has suggested an eight weeks radio program of general stamp publicity.

Interested stampers in the area may contact Zoltan Stiliha, 257 Reef Rd. or Fred Gilbert, 72 Eastlawn St., both of Fairfield, Conn. for further details of the new organization.

The orchestra presents a series of subscription concerts for the youth and the Israel Defense Forces. It has 22,000 subscribers—a world record percentage of the population.

4), A second set of three in honor of the Jewish New Year 5722 (1961). This event along with the Independence of Israel is commemorated philatelically each year.

5), A commemorative for the 200 anniversary of the death of the famous Rabbi Baal Shem-Tov, founder of the Chassidic Movement. Rabbi Baal Shem Tov was born in 1700.

His place of birth is disputed as having been in Galicia on the Polish-Romanian border or in Volhynia in the Ukraine. The movement that he founded had great influence upon modern Judaism. To quote Rabbi Newman of the Congregation Rodeph Shalom in New York:

"Chassidism emphasizes the principles of humility for the arrogant and high placed of the earth; it teaches joy and good cheer for the lowly and the melancholy; it recommends ecstasy in worship.

"More important than Rabbinic discussion, say the Zaddikim, or the righteous leaders of the Chassidic movement, is the direct, joyous, personal contact of the individual with the Universal Soul through Prayer, the Song and the Dance.

"The folk tales and parables of the Chassidic movement are among the most beautiful in religious and ethical literature."

6), A set of two dedicated to the afforestation of the country. Large scale afforestation projects are carried out by the Government Forestry Department and the Jewish National Fund. The total afforested area is about 250,000 dunams (625,000 acres), of which some 200,000 dunams have been planted since 1948.

Avenues of trees have been set along 500 miles of roadsides. In addition there are about 800,000 dunams of national forest and forest reserves in the country.

7), A stamp commemorating the 10th anniversary of the Bond Campaign. Since the first State of Israel Bond was sold in May 1951, some \$366,250,000 worth have been bought.

There have been two bond issues: the Independence Issue was floated until May 1954, and \$145,542,900 sold; the Development Issue was on sale till April 1959, and \$220,693,550 had been sold by the end of 1958. A third issue was launched in May 1959.

The revenue from Bond Sales enters the development budget, through which it has been lent to or invested in hundreds of development projects and enterprises in irrigation, agriculture, industry, mining, transportation, and communications. On the average, bond revenues have constituted about one-third of the development budget.

8), The remaining seven adhesives of the definitive airmail series including the I-3 (three Israel pounds). The latter stamp will be issued separately.

Shalom—Peace be with you.

Anyone interested in obtaining additional information should write Kathryn Fox, 6 Brooklands, Bronxville 8, N. Y. for details.

Linn's Unit System Album Pages

U. S. REGULAR POSTAGE—1847 THRU 1939

EVERY STAMP ILLUSTRATED—38 PAGES

HERE IS THE FINEST

- A complete album for all regular issues of United States Postage Stamps from 1847 thru 1939. Every stamp illustrated. Arranged by issues with dates and identifying indicia over each issue and explanatory notes below. A picture of the stamp with denomination and color in each box so that even without a catalog you can identify the stamps you need in ordering from the dealers. See illustration which is half size of pages.
- Pages are 11x8½ inch, printed by lithography on heavy fine white paper of substantial body and weight so that you will feel proud of your album. Pages are punched with three holes to fit the standard three ring binder of this size.
- This set of pages consists of 38 pages which includes a title page and an extra blank page for new issues, until new supplementary pages are ready. Each year we produce supplementary pages at a nominal cost so you can always keep your album up to date. We have purposely omitted a few of the higher priced minor varieties as listed by Scott and which few collectors ever expect to own. By this method it is possible to fill every page in this splendid album and make your collection appear complete. You are not plagued by empty spaces which you never expect to fill.
- Spaces are provided for every stamp from 1847 thru 1939 including all imperforates and coils as well as all stamps issued in sheets. Regular postage issue only, no commemoratives. Commemoratives complete for the same period are included in our Unit Number 1 which is also available, see listing in box below.
- This unit does not include the 1954-59 Regulars. The pages for these will not be issued until we are sure that no more values are to be added. Thus in the long run we save you money by not having to rebuy pages each time a new stamp is issued for this series. They will be announced later after final issue of the Liberty Series.

ATA Unit Being Formed For Lions International

A Lions International Unit of the American Topical Assn. is being organized. The group will promote and encourage the collection and study of postage stamps, postmarks, covers and related material honoring Lions International.

Collectors interested in joining this group may write Pauline E. Zarling, 1461 W. Montrose Ave., Chicago 13, Ill. for further particulars.

Ten-Year Index To Topical Publications

The American Topical Assn., of 3300 N. 50th St., Milwaukee, Wis. has just published the 28th of its topical handbooks, an index to the first 58 issues of its journal "Topical Time" and of all 30 previously published handbooks.

The new Index will be a welcome and essential aid to all stamp collectors, and indispensable to topicalists. It was compiled by John Henry Richter, librarian of Willow Run Laboratories, the University of Michigan.

In three major parts, the Index covers more than 1000 articles, check lists, book and album reviews, important collector news items, and hundreds of answers to questions published in Topical Time's column, "Clearing House of Knowledge". Each item is listed as many times as it relates to different subjects.

In the "Subject Section" the items are listed alphabetically under each of the subjects to which they relate. The second part of the Index concerns "Famous Persons" and lists more than 500 of them.

In addition, a large number of persons is also listed in the "Royalty and Saints" sections of the Subjects part. There is a total of 681 references to famous persons.

The last part of the Index is the Geographical Section in which 972 articles and items of information are listed alphabetically under the name of the country or region involved in the issuing, or the topic of the stamps.

It is interesting to note the quantity of information provided in the larger subject sections. Leading the field are Religion (347 articles and names), Science and Technology (301), Fine Arts (271), Stamps, including topical collecting, exhibits and ATA matters (256), Americana (138), Transportation (101) and Royalty (72).

Since the majority of material indexed was published since 1955, it is not necessary to own a complete set of Topical Time or all handbooks in order to benefit from the Index, which has been prepared with the user's point of view in mind. The 44-page offering may be purchased directly from the American Topical Assn., 3300 N. 50th St., Milwaukee 16, Wis., at \$2 per copy.

Earlier FD For New Zealand Xmas Stamp

New Zealand's 1960 Christmas stamp will be placed on sale November 7 instead of December 1 as previously scheduled, that nation's Post Office has announced.

The 2d stamp features a reproduction of Rembrandt's picture "The Adoration of the Shepherds". It is being printed by the photogravure process, in sheets of 60 (five rows of 12).

EUROPEAN AREA (Continued from page 20)

comparatively little new beyond what has already been published on both sides of the Iron Curtain.

Europa?

A reader asks why this year 20 countries have released Europa stamps, instead of the usual six, and since I may not have mentioned this before, the explanation may be opportune:

The present series is a direct result of the request to members of the European Postal and Telecommunications Conference which was inaugurated in Switzerland last year.

To further the European idea, all Western European countries who were members of the Conference released stamps in its honor, usually from the standard design by Rahn-kainen of Finland.

Not represented directly at the Conference are the authorities of Liechtenstein, Andorra, Monaco, and the Vatican, whose postal interests are looked after by their larger neighbors (Switzerland, France and Italy).

This has not prevented Liechtenstein from jumping on the bandwagon, but her stamp is completely out of series and should not really be counted amongst the "true" Europa designs.

The case of Austria is somewhat different, since the Vienna authorities preferred their own design of an Ionic column, to the standard Finnish issue. Nevertheless, Austria is of course a Member of the CEPT.

By the way, far and away the most ornamental design is the British one, where Reynolds Stone has with liberal application of ribbon, dressed up the "Europa Wheel" and where two colors have been used to good effect.
